∠ coco

#### Royal Gold - Coco Fiber

Royal Gold Coco Fiber is your choice for premium, clean, quality and consistent coconut fiber growing medium. Their loose coco is ready to use straight out of the bag as a stand-alone medium, soil conditioner, or a base for your own personal creation.

Size	Sku
50 Litre	RGCOCO

#### VidaWool - Grow Block

 $\label{thm:continuous} VidaWool^m blocks are designed for optimum dispersal of water and nutrients, and to create an even root zone for growth.$ 

Size	Sku
6" x 6" x 4"	VW-BLOCK144
6" x 6" x 5.3"	VW-BLOCK190
4" x 4" x 2.5"	VW-BLOCK40
4" x 4" x 4"	VW-BLOCK64

#### VidaWool - Grow Slab

VidaWool™ slabs feature pre-cut areas for precise, efficient block placement — no cutting or guesswork required — and the process is repeatable for consistent results.

Size	Sku
3" x 6" x 36"	VW-SLAB
Single 4" x 8" x 9.5"	VW-SLABSINGLE
Wide 3" x 8" x 36"	VW-SLABWIDE

#### VidaWool - Starter Plug

 $\label{localization} VidaWool^{\mbox{\scriptsize M}} \ starter plugs \ deliver superior \ material integrity, helping to keep young plants stable, while offering the optimized shape and room for roots to grow.$ 

Size	Sku
1.5" x 1.5" x 1.5"	VW-PLUG1.5

Made by Owens Corning®

### **Intelligently Designed for Consistent Commercial Cultivation**

#### Hydro-Xtend\* water dispersion technology

- + Even water dispersion and nutrient availability
- Predictable water setertion

#### **UV-protection lined blocks**

- Reduces exposure to light that can stress and inhibit root growth
- Keeps nort zone dark to guard against algae and becterial

#### Tight-wrapped slabs

- . Keeps water and nutrients where you want them
- No dead areas
- . Enables lower water consumption

#### Customizable at commercial scale

. Tallored sizing for your operational needs

#### Cultured Solutions - Veg A&B

Cultured Solutions® Veg A & B combines all necessary macro and micro nutrients in a pH stable, chelated form, ideal for high performance hydro and water culture applications. Veg A & B offers plants the minerals needed in ideal ratios to ensure optimal uptake of the nutrient solution is achieved.

#### **LIQUID ADDITIVES**

#### Cultured Solutions - BudBooster Early

Cultured Solutions® Bud Booster – Early is specifically formulated to aid in the development of flowering sites and is fortified with added Nitrogen and Magnesium to promote peak performance. Providing ample nitrogen during the early elongation stage of bloom encourages plants to reach their full genetic potential.

Size	Sku
1 Litre	CSEARLYQT
4 Litre	CSEARLYGAL
20 Litre	CSEARLY5
57 Litre	CSEARLY15
208 Litre	CSEARLY55

#### Cultured Solutions - BudBooster Mid

Cultured Solutions® Bud Booster – Mid incorporates high levels of Phosphorous and Potassium to provide your plants with the minerals needed during primary flower periods. Our zero Nitrogen bloom booster also supplies Sulfur and Magnesium to assist in the synthesis of essential amino acids. This encourages the production of complex sugars and starches, crucial during fruit and flower formation.

Size	Sku
1 Litre	CSMIDQT
4 Litre	CSMIDGAL
20 Litre	CSMID5
57 Litre	CSMID15
208 Litre	CSMID55

#### Cultured Solutions - Coco Cal

Cultured Solutions® Coco Cal is a concentrated blend of readily available Calcium and Magnesium. It is formulated to assist fast growing plants by preventing secondary nutrient deficiencies. COCO CAL helps optimize plant nutrition and enhances plant growth and development. It is designed for rapidly growing plants in all growth and bloom phases.

REZIN IS MY "FRANK'S RED HOT" SAUCE FOR MY PLANTS ...

## I PUT THAT S@%# ON EVERYTHING

As quoted by our awesome fans on Instagram.

#### **GreenPlanet Nutrients**

Green Planet Nutrient's mission is to offer conscious, nature-inspired nutrients to cultivate a greener world for all to enjoy.

At Green Planet Nutrients it has always been, and will always be, about the quality and purity of the products. Based in BC, Canada they are able to implement their 25 years of craft growing knowledge into the production of their innovative and ethically sourced nutrients. Through this, they plan to give the hobby or commercial grower the peace of mind they can reach new highs in their yields while doing their part in the cultivation of a greener future.

Clean - Conscious - Canadian

#### GreenPlanet Nutrients - GPF Uptake

GPF Uptake is a water-soluble low molecular weight humic acid supplement that promotes the uptake of macro and micro-nutrients, plant health, vitality, and overall productivity of your garden.

Volume	Sku
1 Litre	GPF01
4 Litre	GPF04
10 Litre	GPF10
23 Litre	GPF23
208 Litre	GPF208
*1000 Litre	GPF1000

#### GreenPlanet Nutrients - GPH Uptake

GPH Uptake is a liquid humic acid supplement that greatly improves the availability and uptake of nutrients from the soil. It promotes a healthy and active root zone throughout all stages of growth.

Volume	Sku
1 Litre	GPH01
4 Litre	GPH04
10 Litre	GPH10
23 Litre	GPH23
208 Litre	GPH208

*1000 Litre	MAS1000

#### GreenPlanet Nutrients - Ocean Magic

Ocean Magic is a vegetative additive derived from Atlantic Sea Kelp that delivers a variety of benefits to your garden and plants. The wealth of ingredients found in Ocean Magic supports a number of functional properties such as rooting and the reduction of environmental and plant stress.

Volume	Sku
1 Litre	OM01
4 Litre	OM04

#### GreenPlanet Nutrients - pH Down

pH Down is our highly concentrated premium acid formula made to help maintain and lower the pH of a nutrient solution. Adjusting the pH to the optimal levels ensures your plants uptake the essential nutrients needed for all stages of growth.

Volume	Sku
1 Litre	PHD01-DG
4 Litre	PHD04-DG

#### GreenPlanet Nutrients - pH Up

pH Up is our highly concentrated premium base formula made to help maintain and increase the pH of a nutrient solution. Adjusting the pH to the optimal levels ensures your plants uptake the proper nutrients needed for all stages of growth.

Volume	Sku
1 Litre	PHU01-DG
4 Litre	PHU04-DG

#### GreenPlanet Nutrients - PK Spike

PK Spike is our flowering supplement derived from multiple, highly soluble sources of phosphorous and potassium. This product is designed to encourage budding, help facilitate bulking, and ripening of flowering plants.

Volume	Sku
1 Litre	PKS01
4 Litre	PKS04
10 Litre	PKS10
23 Litre	PKS23

#### GreenPlanet Nutrients - Plant Guard

Plant Guard is our potassium silicate supplement used in the vegetative and flowering stages of growth. Silicate increases the rigidity of your plant's cell walls to support a heavier harvest and increase resistance to environmental stress.

Volume	Sku
1 Litre	PG01
4 Litre	PG04
10 Litre	PG10
23 Litre	PG23
208 Litre	PG208
1000 Litre	PG1000

#### GreenPlanet Nutrients - Pro Cal

Pro Cal is an excellent supplemental source of essential elements that plants require at all stages of growth. Our formula provides readily available calcium and magnesium, as well as iron, nitrogen, boron, and zinc to ensure your plants do not come up short when they are ready for rapid growth.

Volume	Sku

## HM Digital - COM-80 EC/TDS Hydro Tester

Measures electrical conductivity (EC), total dissolved solids (TDS). Automatic Temperature Compensation (ATC). Excellent for nutrient testing.

Sku	
HM-COM-80	)

HM Digital - COM-100 Replacement Platinum Sensor

The SP-C1 sensor is the replacement sensor for the COM-100 HM Digital EC / TDS Combo Meter.

Size	Sku
COM-100 Replacement Platinum Sensor	HM-SP-C1

# HM Digital - C-342 & C-1000: TDS and EC Calibration Solutions

For optimal performance, re-calibrate your meters periodically or if testing TDS or conductivity levels in wide or different ranges.

Sku	
HM-C342	

## HM Digital EC/TDS/Temp Combo Waterproof Meter

Measures electrical conductivity (EC), total dissolved solids (TDS), salinity and temperature. Automatic Temperature Compensation (ATC) using three temperature coefficients

Sku	
HM-COM-100	

# HM Digital - Extended Range EC/TDS Controller

New controller includes extended range, digital calibration, on-screen temperature and tri-color display.

Variation	Sku
Standard	HM-PSC-150
With 4-20 mA Signal	HM-PSC-154

### HM Digital - Handheld TDS & Temp Meter With Case

With its rugged design and build, the TDS-3 is an ideal meter (tool) that can be used for any application; Ranging from water purification, to hydroponics to industrial waste water treatment.

Sku		
HM-TDS-3		
HIVI-1D3-3		

## HM Digital - HM-500 HydroMaster Continuous Monitor

Continuous monitor that provides accurate, stable readings of EC/TDS, pH and temperature.

Sku	
HM-500	

# HM Digital - In-Line Single TDS Monitor

The SM-1 is provides an easy to read single line TDS monitor that provides a digital readout. It is ideal for any water filtration system, including reverse osmosis systems, coolers and much more.

Sku
HM-SM-1

# **HM Digital - ORP Electrode Storage Solution**

ORP storage solution for HM Digital's ORP-200 as well as other brands of ORP meters.

Sk	ru .
HN	N-ORP-STOR

# HM Digital - PH-80 pH HydroTester

The PH-80 pH Hydro Tester from HM Digital is a hand held pH tester.

Sku	
HM-PH-80	

HM Digital - PH-200 Replacement pH Sensor

PH-200 Replacement Probe, measures pH and Temperature

Size	Sku
PH-200 Replacement pH Sensor	HM-SP-2

### HM Digital - pH Buffer Solution

The pH Buffer Solution Variety Pack from HM Digital is lightweight, economically priced and has an indefinite shelf life. Easy to use. Preparation directions are included directly on the bottle.

Sku
HM-PH-BUF

### HM Digital - pH Electrode Storage Solution

PH storage solution for HM Digital's PH-200 / PH-80 as well as other brands of pH meters.

Sku	
HM-PH-STOR	

## **HM** Digital - Pocket Size TDS Monitor

The TDS-4 is an ideal pocket meter that can be used for any and all applications, ranging from water purification, to hydroponics, to aquariums, to industrial waste water treatment.

Sku		
HM-TDS-4		

### HM Digital - Pocket Size TDS & Temp Meter

The TDS-4TM handheld meter is ideal for testing TDS and salt levels of freshwater aquariums and ponds. It can also be used for testing water filtration and purification systems, such as RO and DI, to know when to changes filters and membranes.

Sku	
HM-TDS-4	

## **HM Digital - Quick Check Monitor**

This basic EC/TDS monitor provides an entry level monitor with its "Push-to-Check" button giving you an instant water quality check!

Sku	
HM-QC-1	

# HM Digital - TDS 1000 PPM Calibration Solution

For optimal performance, re-calibrate your meters periodically or if testing TDS or conductivity levels in wide or different ranges.

Size	Sku
1 x 90ml	HM-C1000
20 x 20ml (Pack)	HM-CP-1000

# HM Digital - TDS-EZ Meter

The HM EC/TDS Hydro Tester is an economically priced, reliable EC/TDS meter that is ideal for testing applications such as hydroponics & gardening, pools & spas, aquariums & reef tanks, water ionizers, drinking water and more.

Sku
HM-TDS-EZ

# HM Digital - Thermometer

Industrial-grade digital thermometer with stainless steel probe for use with all hot and cold fluids and solids, including aquariums and hydroponics, ovens, refrigerators and freezers, ventilation systems, and heating systems.

Sku	
HM-TM-1	

# HM Digital - Waterproof ORP/Temp Meter

Measures Oxidation Reduction Potential (Redox) and Temperature with auto-ranging calibration with digital fine tuning.

Sku
HM-ORP-200

# HM Digital - Waterproof pH/Temp Meter

The PH-200 is a professional grade pH/Temp meter ideal for all pH testing water.

Sku	
HM-PH-200
